Dear Valued Guest of Great Northern Powder Guides,

RE: Continuing the Legacy – Your Exclusive Loyalty Offer

We are excited to share some important news as we prepare for another incredible Montana winter in the backcountry.

Great Northern Powder Guides has entered a new chapter under the ownership of Bill and Barbara Wetzel. While we are honored to take the reins, our goal remains clear: to uphold the culture, values, and passion that Jay and Ky Sandelin established.

For over fifteen years, Jay and Ky have created a unique backcountry experience rooted in adventure, safety, camaraderie, and the thrill of carving through untouched powder. We are pleased that Jay, Ky, and most of the GNPG team will continue with us for another exceptional season.

As a valued past guest, we are extending the 2024/2025 Day Rates and offering discounts on our Ski & Stay Packages exclusively to you through December 31, 2025. Simply mention this email when booking to receive our special loyalty rates. Our cats are filling quickly, so we encourage you to reserve your seat or private cat as soon as possible.
